For the third year in a row, Wojan Window & Door Corp. has earned a position in the *Inc. 5000*.

The company received a rank of 2346 by *Inc.* magazine – as part of the publication’s 2009 annual list of the fastest-growing privately held companies in America.

“This is our third consecutive year to receive the *Inc. 5000* honor, and it goes hand-in-hand with our efforts to keep growing the business,” said company President and CEO Dennis Wojan. “Even in the face of a tough economy, we’ve persevered to continue development of new products. “The ranking reflects our employees’ hard work and focus on achieving continuous improvement,” said Keith Demeuse, Wojan Executive Vice President. “Our goals include ever-better execution in areas such as design engineering, customer service, supply chain and manufacturing quality.”

According to the publication, the *Inc. 5000* list has served as evidence of the significant accomplishments of entrepreneurial companies. “As an *Inc. 5000* honoree, Wojan Window & Door shares a prestigious pedigree with some of the most successful businesses in the country,” said *Inc.* Editor Jane Berentson in her award letter. “We recognize the creativity, dedication, and hard work that have gone into building the company into what it is today...”
