CHEBOYGAN'S PEDESTRIAN FOOTBRIDGE PROJECT ALMOST COMPLETE

Footbridge placed over Cheboygan River, Oct. 8

October 8th was an exciting day in Cheboygan. The pedestrian footbridge was picked up off the ground by a large crane and placed in its new home, spanning the Cheboygan River. This project is being funded through a combination of grant funds from the Michigan State Housing Development Authority (MSHDA), the Department of Environmental Quality (DEQ) and Tax Increment Financing (TIF) from the City's Downtown Development Authority (DDA). NLEA assisted the City in applying for the MSHDA funds and is helping them with grant administration. This project is expected to be substantially completed by early November.
